Prop. Leg.

MEMORANDUM FOR: Mr. Hitz
Legislative Counsel

STAT FROM :
SUBJECT : Veterans Preference Provisions of Civil
Service Reform Legislation

1. Regarding the attached request for Agency support for the Administration positions on the Veterans Preference provisions of the Civil Service Reform Legislation, it is this office's opinion that, in light of our current exemption from such provisions, it would be inappropriate for the CIA to become involved.

2. It should be noted, however, that we are working in lock-step with the White House on various other provisions of the legislation.

Assistant Legislative Counsel
